

**General Manager's Report
Roxborough Water & Sanitation District
August 15, 2018**

**Information only
Douglas County:**

- Douglas County study looking at phased implementation of centralized water/sewer for the Hwy. 85 corridor. Assumes a long-term, phased implementation that would require further coordination with DWSD and possibly others.
- Submitted extensive comments in response to development plan for Animal Care Center (doggy day care).

**Information only
Dominion/Sterling Ranch:**

- Sterling Ranch hosted a tour for the Sterling Ranch Pioneer Club at the Water Treatment Plant on July 31. Mike Marcum, Brian Billick, Jordan Tasei and I attended. DWSD will be billed for Brian and Jordan's overtime to attend.
- August 21, 2018, DWSD holding its Board meeting at WTP followed by groundbreaking event for Eastside Pipeline.

**Information only
Inclusions:**

- Jaksch – Christine Jaksch's attorney has asked for a detailed summary of the additional costs (design, construction, etc.) associated with boring the water line. TST developed updated cost estimate, and Alan will provide to Ms. Jaksch's attorney.

**Information only
Ravenna:**

- Board Resolution needed for CWCB loan included as an action item.
- Bid opening for Phase 2 Water Infrastructure on August 23, for September award.
- Construction scheduled to begin November 1, 2018.
- South Metro Water Supply Authority, Castle Rock and DWSD undertaking a Westside Supply Study that will look at a diversion from the South Platte and potential use of the Ravenna pipeline. I recommend RWSD participate in study, but I do not have an estimate of the needed contribution. This could be a forum for discussion of additional irrigation water for RVMD and AGC.

**Information only
Raw Water Irrigation:**

- Developing concepts for alternate irrigation water sources/rate structures.
- Preparing to meet with Aurora regarding the timeframe for removing the RWSD pipelines from Rampart Reservoir.

**Information only
Public Outreach:**

- Blog post on old WTP demo
- I'll be participating on a panel at the Colorado Water Congress Summer Conference August 22 on "Perspectives on Water Policy"
