

**GM Report
PVH Subdistrict
February 20, 2019**

Information only

- We will be sending out a letter by the end of February to all residents of Chatfield East, Chatfield Estate/Acres and Plum Valley Heights that have not connected to the system reminding them of their obligation to connect by August 1, 2019, and the consequences of failing to do so as outlined in my General Manager's Report for the January 2019 Board meeting.
- We have received updated cost estimates and conceptual design of a capacity agreement with Dominion Water and Sanitation District to meet fire flow requirements for the Douglas County property on Moore Road and improve water pressure in Plum Valley Heights. These changes will also result in changes to the terms of the previously negotiated, but not approved, Capacity Agreement between Roxborough and Dominion. We will be evaluating Dominion's revised proposal and agreement with TST, TWS and ISP over the next several weeks prior to bringing it to the Board for approval.
